

2013

YEAR-END REPORT

YEAR IN REVIEW

Warm greetings in the name of the God of Peace! Thank you for your generous support for Peace Catalyst International in 2013. It was a banner year for us! We are so thankful for your partnership and involvement in this peacemaking movement. YOU have helped to not only support PCI itself but also to help catapult this important movement forward. Together we are catalyzing peacemaking initiatives for multi-dimensional reconciliation in the way of Jesus.

As is typical with the kind of work we do, it's hard to quantify it down to mere numbers, events, and statistics. Our team spends endless hours in personal, face-to-face meetings, building relationships with both Muslims and Christians, building bridges of peace, and sharing about Jesus's brand of peacemaking. However, while our work is hard to quantify, we do want to attempt to sum up our year for you and share what we've been doing!

Infrastructure Updates

We feel like we “grew up” in 2013, increasing and aligning our infrastructure to better support the great work being done around the country and the world. We successfully transitioned away from the umbrella organization, Allegro Solutions, who managed our finances, and now manage everything internally. We filed our 501(c)3 application with the IRS and are actively awaiting approval of our tax-exempt status (which we know may take up to three years, though in the interim all of your gifts are still tax-deductible).

Peacemaking Events

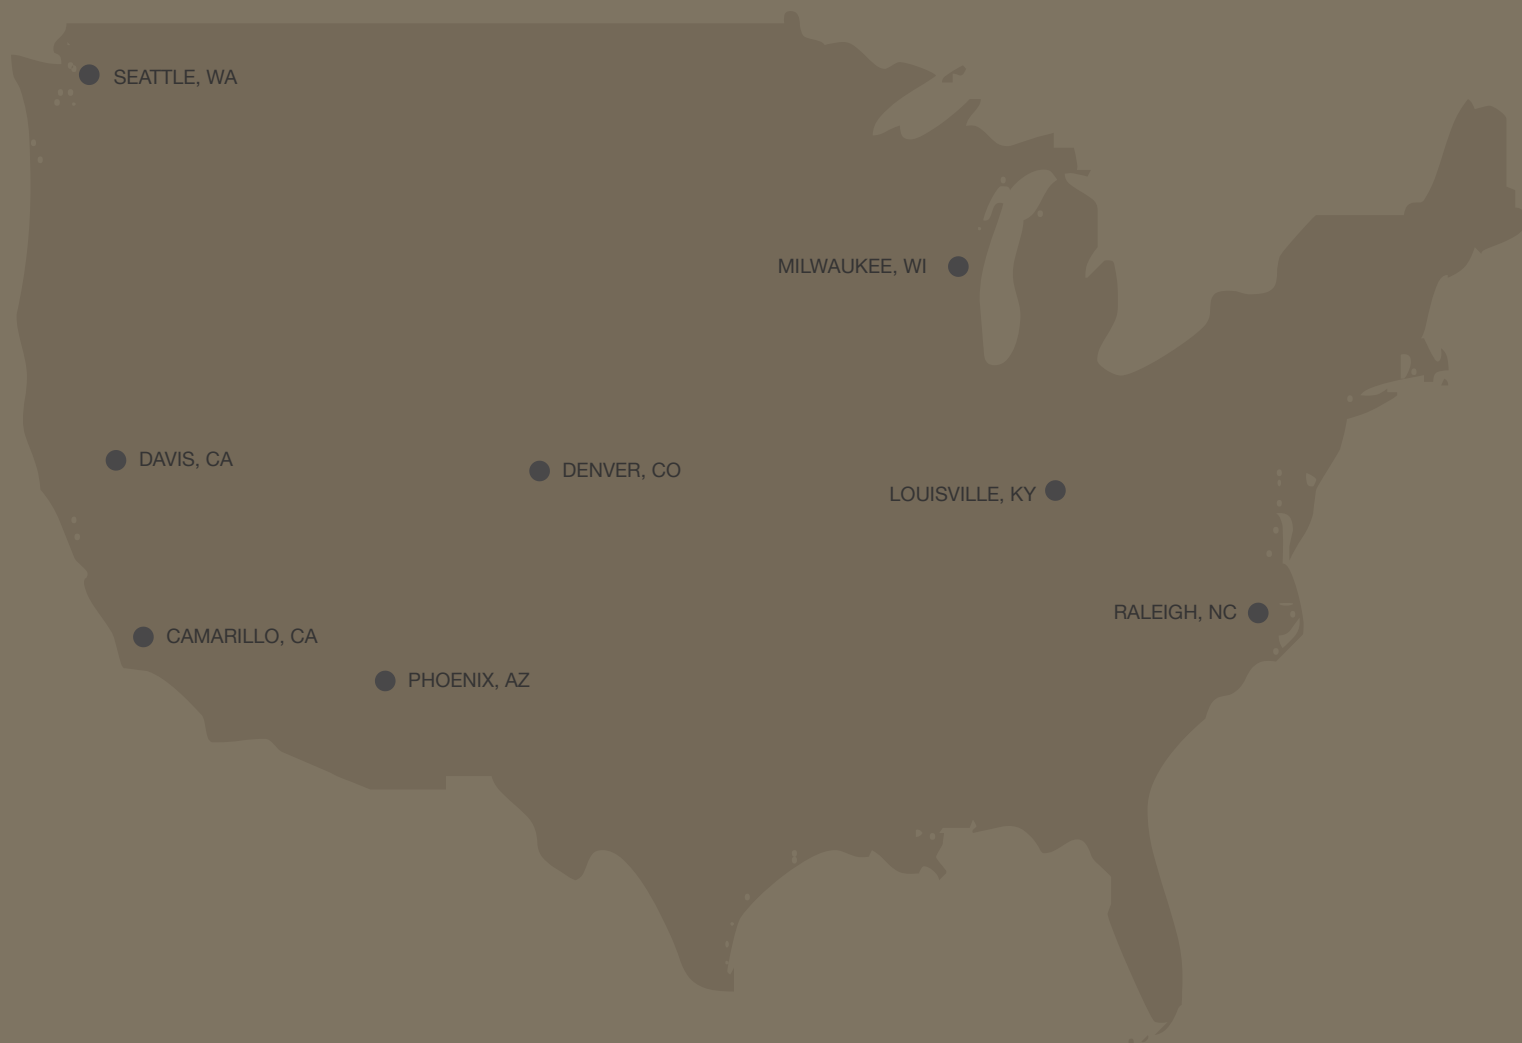

We put on approximately 100 peacemaking events in 2013 – which is double what we did in the first three years of our existence combined!

All-Staff Gathering

We held our first-ever all-staff gathering in Denver, CO in October. We were delighted to host about 20 of our now 37 staff, build relationship and synergy, and dream together for the future.

WHERE WE WORK

Communities Engaged

We regularly engage with 15 different Muslim groups and are working to quantify the number of Christian/Evangelical groups we are active with.

Women's Initiatives

We recently started making a special focus on Women's Initiatives both in Denver and Raleigh and have even hired a new staff member to head up our women's initiatives.

Resources

We are increasing our peacemaking resources available to you! in 2013 we redesigned, updated, and republished, under our own imprint, a new version of *Grace & Truth: Toward Christlike Relationships With Muslims* that now includes a study guide as well. We also produced a DVD series with Carl Medearis: *Loving Muslims and Sharing Jesus*. Our president's book, *Peace Catalysts*, will also be available everywhere this summer.

WE'RE DEEPLY
GRATEFUL
FOR YOUR
PARTNERSHIP
IN 2013

AND EXCITED FOR A
FUTURE OF PEACEMAKING
TOGETHER
